Light yellow with very bright overtones.

AROMA

The typical characteristics of Sauvignon Blanc from the Limarí Valley is a blend of citrus notes, particularly lime and grapefruit, added to delicate green pepper notes.

PALATE

At first, the grapefruit and yellow lime notes of this fresh, dry wine come out strongly. It has a crisp, even juicy, acidity. Its palate is clean and the long, elegant finish is complemented with a slight hint of green chili pepper.

PAIRING

Ideally combined with oysters and seafood seasoned with lemon or lime juice. In general fresh or cooked seafood is an excellent pairing for this wine.
